TVET Instructor Training

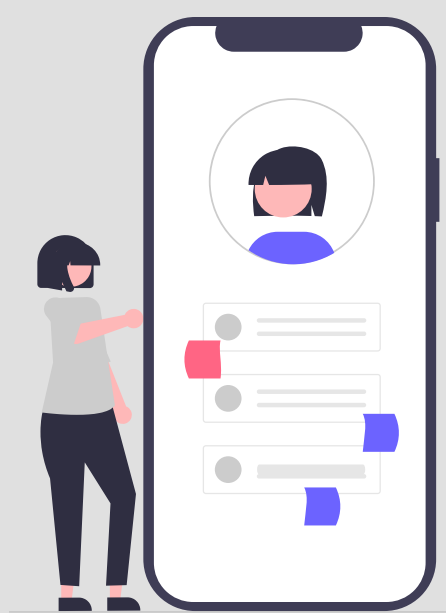

Sci-Bono ICT Academy

Welcome to Sci-Bono.

We provide training programs to equip lecturers with digital literacy skills to develop a digitally competent workforce. Join us in our mission to improve the lives of South Africans through education and training.

Our Training Program

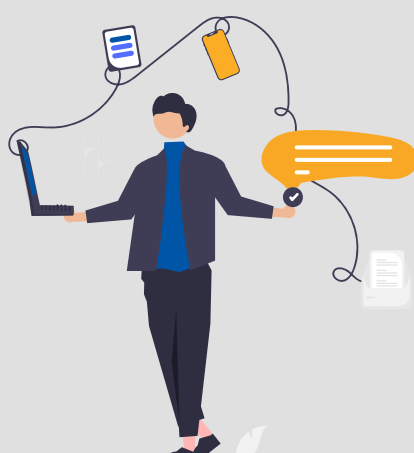

Our proposed training program aims to equip lecturers with digital literacy skills to develop a competent workforce. The program focuses on building lecturers' capacity to deliver training to students using interactive and effective curriculum delivery.

Lecturers will gain knowledge and skills to create engaging online learning environments, use technology to enhance the learning experience and effectively integrate digital tools into their teaching practice. The program is flexible and tailored to meet the needs of TVET lecturers.

Our training program is delivered by experienced trainers and we provide high-quality support to ensure lecturers get the most out of the program and continue to improve their digital literacy skills.

the training program will provide lecturers with the skills, knowledge, and confidence they need to effectively integrate technology into their teaching practice and to provide their students with a high-quality education that prepares them for the digital age.
